

## Fast-acting Rejensa® joint care chews Instagram posts

Dear Veterinary Clinic Staff,

Below are options of copy (text) and images that you can use to spread the word about the availability of clinically proven fast-acting **Rejensa** joint care chews, on your clinic Instagram page.

To create a **Rejensa** post on your clinic Instagram page, please use one of the provided images (for example, Image 1) and the corresponding provided copy ("Post Copy 1").

Save the image you'd like to use to the device you will upload from. Select "+ Post" on your clinic Instagram page. Select the image you just saved followed by the arrow in the upper right-hand corner until you land on the section "write a caption". Simply paste the provided copy into the space on your new post.

Be sure to tag your clinic and @rejensa and add your location before clicking the check mark in the upper right-hand corner to post.

**Please note the following:**

- **For Posts #1–3 and the mention of "... 16 days\*\*", be sure to add the legal language as seen below.**
- **If you are promoting the Rejensa FREE\* Starter Pack offer (Post #3), be sure to include the mandatory legal language provided below into the post text area.**

Kind regards,  
Rejensa Team
